SUPPORT SERVICES:

A need had been identified around help at home for people who did not qualify for support from Social Services. More active people were already members of social group networks.

Low level support was needed for the target group in the form of visiting, befriending, accompanying on shopping and social trips, respite care.

HEALTH:

From a health perspective, the population had increased disproportionately to the level of services, resulting in an inadequate level of services and a shortage of available carers.

TRANSPORT:

Although public transport links into the larger towns and cities were good (with the exception of Nottingham's Victoria Centre), transport around Bingham was poor.

INFORMATION:

Access information was generally good, from the Library and the newly opened Rushcliffe Borough Council Customer Contact Point at the Town Council Offices. It was agreed that a representative of the Community Committee would attend future meetings which would be held at The Old Court House during the day.

Councillor Mrs. Stockwood volunteered to represent the Community Committee at the next meeting which was provisionally arranged for the 15th July, 2008.

Although funding for the project ended in July, 2008, it was intended to take the scheme forward with the support of the R.C.V.S.

The Chairman thanked Mrs. Molineaux for her presentation and reiterated that the Town Council fully backs the 'Rushcliffe Supports' project.

Councillor Mrs. S. Hull joined the meeting at this point.

04 Community Building Working Group Report

Councillor Mrs. Stockwood presented her report. It was agreed that the next meeting of the Working Group would be arranged for 11.00 a.m. on 29th May, 2008, following a meeting of the Promotion Working Group.

The following points were made regarding Community Building options:-

(a) Methodist Centre

- From discussion at the Annual Town Meeting, it was evident that there would be no likelihood of obtaining a licence for events held at the Methodist Centre.
- The Methodist Centre was the best possible site for a Community Hall; there was potential for an excellent partnership. It was important to keep lines of communication open.
- Although a professional fundraiser had been appointed, and they were confident of obtaining all necessary funds, there was still a long way to go.
- It was important to identify type of functions which could be accommodated in a new hall, e.g. theatre productions, concerts, parties.
- It was important to visit existing halls for comparison.

(b) Health Centre

A planning application had been received for development of an area of adjacent land as a five bedroom house.

(c) Warner's Paddock

Discussions needed to take place with planners regarding potential cost of access.

(d) Pioneer Shop

A valuation of the Pioneer premises needed to be obtained. Pressure needed to be put on Rushcliffe Borough Council and Lambert Smith Hampton to take to the next stage.

03 Christmas Lights
