Bingham Town Council Internal audit and financial risk assessment report

On Friday 23 January 2015, I carried out the internal audit and financial risk assessment in accordance with the guidelines laid down in the latest version of "Governance and Accountability for Local Councils - A Practitioner's Guide (England)".

I am pleased to report, once again, that the accounts themselves and the financial procedures and controls in place are sound and robust.

I again looked in detail at the procedures for the payment of purchase invoices together with the relevant council minutes, payment authorisation lists, bank statements and the purchase invoices themselves. Furthermore it was good to see that Councillors are making random checks on Bankline payments. The council is well protected and the Government guidance is being followed. I discussed with the Clerk some other checks which she can implement to further tighten controls and she has agreed to do this.

I was pleased to note that, as I suggested last year, petty cash expenditure is now being processed through the computerised accounting software.

Finally I would like to thank the Clerk for her help when I was conducting the audit. We have already agreed that the audit of the final accounts to enable the Annual Return for 2014/2015 to be signed off, will take place on 6 May 2015.
