Sharon Pyke
Clerk
Bingham Town Council

By email.

Dear Sharon,

Re: Bingham Leisure Centre and Community Hall

Further to my letter dated 20 January 2020, I am very pleased that the proposed Bingham Leisure Centre and Community Hall received planning permission on 29 April. Our design team have continued to develop the plans ready for tender later this year, assuming market conditions considering Covid-19 are still viable. I promised in my letter in January that I would share further plans with you in due course. As such please find enclosed the most recent designs for the community hall, including the proposed kitchen fit out.

In terms of audio and visual facilities within the community hall, we are currently seeking further grant funding and if successful, will be looking to include, in addition to the 900mm height stage that is included in the design anyway, lighting rigs, sound systems and presentation facilities to enable conference, cinema, theatre, live music and so on. The design team are working with acousticians to ensure that the finishes, particularly the ceiling, enables these uses with appropriate acoustic baffles and finishes where necessary.

In addition to the enhanced AV, lighting and kitchen facilities presented in this latest design iteration, I am also pleased to advise that there will be a permanent platform lift included to ensure accessibility to the stage. I do hope you find these advanced plans agreeable and can see that comments made by the Town Council have been taken on board in developing the designs.

Our member working group have also considered names for the development and propose "Bingham Arena" for the leisure centre and community hall and "Bingham Enterprise Centre" for the office development. I would be interested to hear your views on these names.

If you have any further questions or comments, please do not hesitate to contact me.

Yours sincerely,

Dave Mitchell
