Dear Sir or Madam

NOTIFICATION OF ESSENTIAL MAINTENANCE WORKS A46 NB & SB M1 - LINCOLN

At Highways England, we believe in a connected country, and our network makes these connections happen. In the East Midlands, we strive to improve our major roads and motorways, to keep people moving today and better tomorrow.

I'm writing to let you know that we'll be continuing our timetable of essential carriageway maintenance work to the A46, between the M1 at Leicester and the A57 Carholme Roundabout at Lincoln that started on 12 July 2021.

What work will you be carrying out?

We'll resurface sections of the carriageway and some of the slip roads, refresh road markings and renew road studs.

Once completed, all road users will benefit from improved road safety and a smoother carriageway.

To minimise disruption to the local community and road users we plan to deliver our scheme in phases, working overnight while the road is less busy, **Monday to Friday** between **8pm and 6am excluding Bank Holidays**. This will also ensure that our road network is as free-flowing as possible during the day as the carriageways will remain open outside of our working hours.

When will the work take place?

Our next phase of work is planned to start on **Friday 30 July 2021** and is scheduled for completion by **early-November 2021**. To maintain a safe environment for our workforce and customers we will need to close various sections of the A46, along with the adjoining exit and entry slips.

As the dates for each phase are confirmed we will notify you although they may be subject to change.

During the closures we'll put in place a diversion route which we've agreed with the Local Authority.

Maintaining safety during Covid-19

All our sites have strict safeguarding measures, in line with Public Health England guidance, to prevent the spread of COVID-19 and none of our sites are open to the public. All projects are closely monitored, and the situation is kept under constant review.
