## **7. UPDATE FROM THE HIGH STREET/MARKET MANAGER**

Standing orders were suspended at 7.11pm to receive an update from the Market Manager and High Street support officer.

It was confirmed that the Thursday market footfall and average spend had increased and the farmers market would hopefully start to see new stalls from February onwards. The Buttercross works were taking place in March and an area was to be fenced off for safety. A number of High Street bags had been issued for the market and local retailers.

The role of high street support was ending in March 2022, as it was funded by the Welcome Back Funding, but the aim was to get a retailers forum running prior to the role ending. The first high street retailers meeting had taken place a second was to be held on 17 February 2022. The aim was to engage with the high street and create a retailers' forum. Ideas of a shopping app, better wayfinding signage and an independent website were ideas that the retailers would be investigating.

Standing orders were re-instated at 7.34pm.

## **8. WELCOME BACK FUNDING SCHEME**

A quotation for a town centre map for the Town Guide to support the high street was considered and also a quotation for marketing support and branding to support the high street and to promote the Town. £2465 had been allocated from the £10,000 for lighting of Eaton Place.

Standing orders were suspended at 7.44pm to allow a representative of Bingham Community Events to address the committee.

Events were not able to be funded as they would be required to place prior to 31 March 2022. To assist events and the community, gazebos or festoon lighting were considered. The retailers had also requested better lighting on the market place. The Committee considered that any funding remaining should be allocated to progression of lighting and gazebos were also supported, but would have to be considered at a later date due to the limited funding available.

It was noted that the Clerk had previously been given delegated authority to progress the funding as it was time sensitive, in consultation with the committee.

Standing orders were re-instated at 8.03pm.

The committee received a report on the response from residents. It was considered that there was no strong desire for the benches to remain, but the committee recognised the concerns over parking in the area on what is a pedestrian space.
