**5. BUDGET TO ACTUAL TO 31 JULY 2024**

The report was noted and the committee continued to note the expected overspend on the cemetery maintenance and open spaces budgets for contractor support. The committee also noted the Gator repairs required identified in the recent service at a cost of £890 plus vat. The Clerk would seek options for a replacement vehicle with trade in options as the Gator was purchased in 2017.

**6. CHAPEL LANE AND WYNHILL FEASIBILITY**

The committee noted the completed phase 2 feasibility study produced by Welham Architects. The report had identified a potential site share at Wynhill for the Rugby Club, Scouts and Guides and initial comments from 2 of the groups had been received. As there seemed to be a desire to progress a potential site share, the committee agreed that further work to look at how the site at Wynhill would be shared to accommodate the groups was required. Chapel Lane would be considered further after the work to investigate a site share at Wynhill had been progressed.

**RECOMMEND**: that a quote be obtained for consideration by the Finance, Policy and Resources to progress a developed concept for a site share at Wynhill.

## 7. **HILL DRIVE ALLOTMENTS**

(a) Draft tenancy agreement

**RESOLVED**: to accept the draft tenancy agreement and to consult with Allotment holders during September.

(b) Annual rent review

The committee noted the Allotments were operating at a net loss and therefore a cost to residents. The committee noted that water charges are changeable and that a yearly review would enable the council to continue to monitor any changes in costs. The committee also noted that ground staff time for cutting the site and office staff time to administer the allotments including queries had not been included in the costs. The committee considered that raising the rental costs over a two year period would assist in tenants in planning for the increase and that plots would still be a lower costs than two of the local sites considered in comparison.

**RESOLVED**: to increase the annual rent over a two year period and perform annual reviews:

(d) Allotment Waiting List Policy

**RECOMMEND**: that the allotment waiting list policy be approved.

## **8. COGLEY LANE LAND**

The committee agreed that a consultation meeting regarding plans for Cogley Lane should be held in late September to ensure that the Council considers residents views at the earliest opportunity. Carnarvon School would also be contacted for their views.

**RESOLVED:** to progress a consultation meeting regarding the land surrounding Cogley Lane play area.

## **9. WALLENFELS CIVIC RECEPTION**

The committee noted that the Jubilee Hall had been confirmed for Thursday 05 September for the Civic Reception to mark 40 years. A buffet was to be provided and a licenced bar would be ran by the staff at Bingham Arena.

## **10. PLAY AREAS**

The repairs and ongoing monitoring tasks were noted and the committee considered a residents request for removal of a bench at Cogley Lane after reports of recent antisocial behaviour at the site. No reports has been made or received by the police and therefore the committee asked that the resident reports future issues to the police so that a record of incidents and evidence can be considered if the issue persisted. Without evidence of the issue the committee felt unable to take any action to remove the bench. The committee noted that the local police team had been asked to make site visits on their patrols and that crown lifting would be completed at the front of the site to increase passive surveillance.

## **11. TREE WORKS**

**RECOMMEND:** the quote of £4930 plus VAT be accepted to complete the remaining items identified in the tree survey including one day at Bingham Linear Park.

## **12. LINEAR PARK – TITHBY ROAD STEPS**

The committee noted that the retaining wall along the centre section was starting to show signs of failure and many temporary repairs to steps had taken place. The committee agreed that the steps should urgently be considered for replacement and a system to replace the retaining wall investigated. The committee agreed that no further amounts of the Linear Park budget be allocated until costs for the project had been identified.

**RESOLVED:** to investigate options for the replacement of the steps and retaining walls.

**13. OPEN SPACE SECURITY IMPROVEMENTS**

The committee considered the work identify to replace areas of fencing and gates at Town Council owned sites and areas of accessibility that had been identified as a risk to the security of sites. Larger projects and items that were not like for like replacement would be considered by the committee prior to work commencing.

The committee noted that there were reports of electric bikes accessing Wynhill and a representative of the Rugby Club was asked to report and record any incidents to gather evidence of the incidents.

**RESOLVED:** to accept the work identified and priority list.
